

People buy the leader... before they buy the vision.

Be the leader they buy into.

Anyhow....

Your ONE COACHING THING today is:

‘Your Most Productive Years’

I said something that was popular yesterday during my talk at Business Coaching Mastery 6...

‘You’re not too late’ and that the greatest ideas in ten years from today... Haven’t even been thought of yet.

As in the next FB, Uber, Airbnb is still between someone’s ears.

Check this out...

A comprehensive USA study was done and found that your most productive years will be between the age of 60 and 70.

Your second most productive age will be between 70 – 80.

BTW I’m thinking the same thing you’re thinking right now...

I got to start drinking more green juice!

Your third most productive years... between 50 to 60.

Nobel Peace Prize winners average age is 62.

The average age of CEOs of prominent companies is 63.

Pastors that run the largest churches average out at 71... the average Pope age is 76.

The best years of your life are between 60 and 80?!!

You're not too late.
